OBJECTIVE

Graduate student with a strong interest in software development, a computer science degree, Python and Java skills, and web design experience. Eager to use problem-solving abilities in a collaborative context and contribute to a dynamic team.

EDUCATION

Bachelor's Degree in Computer Science & Engineering (AIML).   8.74 cgpa
Mumbai University   **2020-2024**

12th STD   **63.68**%   **2019 - 2020**

SKILLS

Programming Languages	Java, Python, C.
Web Technologies	HTML,CSS,Javascript,NodeJS, React, Wordpress, Bootstrap,MongoDB, MySQL.

INTERNSHIP

Web Developer   Jully 2023 - Dec 2023
Company Name   *SOFTMUSK INFO PVT.LTD, BELGAUM.*

> **System for Pharmacies Management :** During my six-month internship at Softmusk Pvt Ltd in Belgaum, I contributed to developing and improving a comprehensive pharmacy management system. This experience enabled me to apply theoretical knowledge from college to the dynamic software development industry. The system streamlines pharmaceutical sales, inventory management, customer information, and prescription tracking. Create this website using MongoDB and ReactJS.

PROJECTS

System for College Management : created a more efficient college management system by utilizing Django and Python for grade management, student enrollment, attendance monitoring, and faculty administration.

Blockchain-based Voting System : By utilizing the decentralized and unchangeable nature of blockchain technology, a secure and transparent voting system has been developed. This solution addresses issues with traditional voting systems, such as fraud, tampering, and a lack of transparency.

Multiple Disease Prediction Using Machine Learning: Using Python, Streamlit, and Google Colab, an advanced machine learning model that can predict several diseases based on different input factors and patient data was developed.

CERTIFICATION

- Microsoft Technologies Associate MTA Introduction to Java
- Machine Learning Using Python Training (Internshala)
- Web Development Bootcamp (Udemy)

EXTRA-CURRICULAR ACTIVITIES

- Part of NSS Volunteer
- Co-ordinator in National level virtuosic Event

ACHIEVEMENT

- 1st Place in Evolution in Virtuosic National Level Technical Event.
